

Application No. 10/566,164  
Reply to Official Action of November 12, 2010

**REMARKS/ARGUMENTS**

Claims 1-17 and 45 are active.

Claims 14-16 are amended to remove the reference to “and/or formula (Ib)” thereby obviating the rejection applied under 35 USC 112, second paragraph.

The obviousness-type double patenting rejection citing co-pending 10/566,094 is addressed by the Terminal Disclaimer filed with this paper.

A Notice of Allowance is requested.

Respectfully Submitted,
